THE COUNCIL FOR TOBACCO RESEARCH—U.S.A., INC.
110 EAST 59TH STREET
NEW YORK, N.Y. 10022

January 20, 1982

Val Petrow, D.S.C.
Department of Pharmacology
Box 3813
Duke University Medical Center
Durham, NC 27710

Dear Dr. Petrow:

Thank you for your expression of interest. We take pleasure in enclosing a Statement of Policy of The Council, and an Annual Report listing grants that have been supported. We will send application forms if you wish, but would suggest an alternative procedure which has proved to be advantageous.

This procedure is for a potential applicant to write to The Council stating briefly (i.e. two pages or so) (1) the problem to be developed for which support is requested, (2) general plan of investigation, (3) anticipated duration of the project, (4) anticipated cost of the project, and (5) C.V.'s and scientific bibliographies of the applicants. If closely relevant publications, abstracts or manuscripts are available, a copy of each will be helpful.

These inquiries are considered by members of the Scientific Advisory Board and, if the project proposed falls within current areas of interest of the Board's grant program, a formal application will be forwarded to you.

In order for a grant to begin January 1st, a formal application would have to be postmarked no later than June 30th. For a grant to begin July 1st, the application would have to be postmarked no later than December 31st.

Sincerely,

Robert C. Hockett, Ph.D.
Research Director

Encls.
